ACCLAIM MORINI CONCERT

GREATEST IN ACADEMY COURSE

The Academy Musical course closed its season Wednesday evening with what was acclaimed as the greatest concert ever given in this city. Erika Morini, the most famous woman violinist now on the concert stage, was the artist appearing before an audience that filled every seat that could be provided in Slater hall and the annex, as well as 100 extra seats that had been arranged on the stage.

The following was the program:

Concerto, Mendelssohn

Hindeo Chant, Rimsky-Korsakov, Kreisler

Valse in A major, Brahms

Waltz Caprice, Wieniawski

Melodie, Gluck

Porpora-Kreisler, Moszkowsky

Guitarre, Moszkowsky

Faust Fantasia, Sarasate

Hailed with a burst of welcoming applause as she appeared with charming simplicity for her opening number, Miss Morini captured her audience with the first rapid notes drawn by the magic of her bow and held them in rapt wonder and admiration through nine evenings.

After every number the enthusiastic applause knew no bounds and she was recalled again and again to bow her acknowledgments besides generously giving flowers to each appreciator.

With downcast eyes that were rarely lifted to her audience, with complete absence of mannerism or attempts at stage effect, Miss Morini was the artist absorbed in her instrument, over which she leaned carefully with one of its resources at her command, and brought out in her well chosen program. The first number was changed from the Concerto in D minor (Saurer-Cadenas), Pagliani, to the Mendelssohn Concerto, which the audience caught the first intimation of the exquisite tone of velvet smoothness, produced with perfection of technique, that was to distinguish them through the evening and will long remain in the memory of everyone who heard her.

For the encore number she gave Canzonetta (Goldart).

After the first act of three numbers, Miss Morini was recalled to receive a beautiful bouquet of red roses, and she gave an encore the Serenade Espagnole (Chaminade).

A Kreutzer composition, Schoen-Rosmarin, was her encore number after the second group, and when the audience remained in its seats to applaud for one more appearance after the last number on the program Miss Morini was recalled to give the beautiful Valse Sentimentale (Schubert-Franke) for the finale of a most notable musical evening for this city.

Ensemble Balaban was the admirable accompanist for Miss Morini. The stage decorations by Ernst were attractively arranged in yellow and green, with daffodils and palms.

Announcements of the course for next year, which will include Mario Charnie, Metropolitan Opera company tenor, Percy Grainger, the Australian pianist, the London string quartet, and Frieda Hempel, the Jenny Lind of today, were distributed with the programs and pledge cards for the next season course were collected by the committee.

By looking that patrons who are unable to hand in their pledge cards at the concert will make early returns so that contracts may be closed for the tentative dates upon which plans are held.

ANNUAL REPORT BOSTON AND MAINE RAILROAD

Boston, April 5.—The annual report of the Boston and Maine Railroad made public tonight, characterizes the transportation for 1921 as "the most constructive piece of transportation legislation since the beginning of the federal regulation in 1837." It says that the discouraging results of railroad operation in 1921, "should not be interpreted as a failure of the principles of the act."

The report shows a net loss of \$7,348,086 in 1921, as compared with a deficit of \$11,122,481 in 1920. The net operating revenue was \$4,456,278, as against a net operating deficit of \$6,316,687 in 1920.

The funded debt on December 31, 1921, was \$124,456,329, as against \$130,800. There was no floating debt outstanding.

The report announces the company's intention to equip many through trains with sleeping cars and to sell advertising space in cars and stations.

FISH AND GAME ASSOCIATION GIVES ENDORSEMENT TO COUNTY GAME WARDEN

A Chester Brown was re-elected president of the Norwich Fish and Game association at the association's annual meeting Wednesday evening in the Y. M. C. hall. Over 200 fish and game enthusiasts were present at the meeting.

The evening's programme opened at 7:15 o'clock with a series of six reels of moving pictures. All six reels were splendid pictures. The titles of the movies were as follows:

Up the Trout's Highway; Moose Back River; Hocking a Great Hunt; (Pompas); Deep Sea Fishing Off the Island of Bimini; A Florida Fox Hunt and a Quail Hunt in Florida; Redoubting the French River, N. B. Bass, Salmon fishing in New London; Shooting the Rapids of French River.

At the close of the picture programme the annual business meeting was opened by President Brown presiding. Secretary W. W. Ives read his annual report which showed the association to be in a very flourishing condition. The report gave the membership as 260, and new applications taken in during the season well this total to near 300. Mr. Ives, who is also treasurer, read the financial report. Both reports were accepted as read.

The election of officers resulted in a re-election as follows: President, A. Chester Brown; vice president, Joseph L. Oat; secretary and treasurer, W. W. Ives.

Developed at the meeting that there was a movement on foot to circulate a petition asking the removal from office of County Game Warden Chappell of New London on grounds of inefficiency.

The association spoke in the highest terms of the efficiency of County Game Warden Chappell. They were loud in their praises of the good work done by the warden in enforcing the state game laws and from the sentiment of the speakers it was evidently the opinion that Mr. Chappell is the best game warden the county has had.

Among those who offered words of praise for the efficiency of Mr. Chappell were Dr. James J. Donohue of this city and George S. Brown, president of the Ashland Fish and Game association of Jewett City.

The meeting then unanimously adopted a resolution endorsing Mr. Chappell in his capacity of county game warden.

Ira Costock of New London, a past president of the New London Fish and Game association, spoke briefly on the origin of the New London association several years ago. He told how he conceived the idea of forming a fish and game association in New London, and how the association started with 40 members. The membership has grown since then until it is now over 500.

Archibald Mitchell, a prominent member of the local association, made a brief address in which he spoke of the splendid work done by the Norwich association. George S. Brown, president of the Ashland association, spoke of the excellent work which his association has done since its organization and said the association hopes to continue the good work.

Following the business meeting refreshments of sandwiches and coffee were served under the direction of a committee comprising Joseph L. Oat and W. W. Ives.

The local association is planning to increase its membership to the 500 mark this spring.

VERSAILLES PAPER MILL NOW INLAND PAPER BOARD CO.

Through a recent reorganization, the paper board mill at Versailles, which was formerly controlled by the Federal Paper Board Co. of New Jersey, has become the Inland Paper Board Co., Inc., and will be conducted as a local concern that promises to become one of the largest industries in this section.

The property is located on the New York, New Haven and Hartford railroad, Versailles, Conn., and consists of an up-to-date two machine paper mill, fully equipped, with railroad siding, ample mill yards, dwellings and about 620 acres of land. The mill is now in operation and finds a market for its product in this city, Willimantic and other nearby towns.

The physical condition of the plant is excellent, the mill buildings having been renewed during the past year. The machinery is of the most approved type, one paper board making machine being entirely new and of recent installation. There is probably no other paper board mill in the country that has been so efficient and expert management than the Inland Paper Board Company, directed by William G. Shortess, Frank Moseley and H. T. Johnson. All these men have been actively engaged for many years in the executive and management branches of the industry, they having been connected with very large organizations of the kind.

The change of management is of local interest owing to the fact that one Norwich industries, the Atlantic Carton Corporation, secures its raw material from this mill and the officers of this company therefore have a keen desire to have this paper mill maintained in this section by the support of local investors.

The proceeds of a bond sale of \$150,000 has cleared off an indebtedness of the company, and the new company, which has no connection with any other paper board mill, has issued 3,000 shares of preferred stock, par value \$10 and 8,000 shares of common stock, no par value, and all stock has voting rights.

The manufacture of paper and paper board is coming into prominence in this section providing a diversity of manufacturing interests, which boards of trade and chambers of commerce throughout the country recognize is of value to a community, since normal conditions are better possible so that when particular or specific lines of manufacturing prevail.

INTRODUCES RADIO BILL IN CONGRESS

Congressman Vincent M. Brennan, of Detroit, Michigan, a freshman, but with prophetic vision of the possibilities of developments within the last few weeks in the most modern art of communication—by radio-telephone—introduced in the House a bill calling for the installation of broad-casting apparatus in Congress—possibilities of the radio-telephone—constituent, comfortably seated in his parlor back home, may hear his Congressman talk on bonus matters—President Harding, in the White House, may talk with people all over the country.

MONTHS OF SUFFERING

How a Baltimore Girl Recovered Her Health

Baltimore, Maryland.—"For several months I suffered with severe backache and general weakness. I could not sleep comfortably at night for pains in my back. I found your book at home one day and after reading it began at once to take Lydia E. Pinkham's Vegetable Compound. I have had very good results and some of my girl friends are taking it now. You may use this letter to help other girls, as the letters in your book helped me."

ROSE WALDRER, 3018 Roseland Place, Baltimore, Md.

That is the thought so often expressed in letters recommending Lydia E. Pinkham's Vegetable Compound. These women know what they have suffered, they describe their symptoms and state how they were finally made well.

Lydia E. Pinkham's Vegetable Compound is a medicine made from medicinal roots and herbs, and without drugs, to relieve the sickness women so often have, which is indicated by backache, weak feelings, nervousness, and no ambition to get anything done or to go anywhere. It has helped many women. Why not try it?

central Europe caused the Italian officials to resort to special precautions.

M. Criterin and his associates will have special guards at the Imperial hotel at Biarritz.

BRONZE STATE IF BOOKER

T. WASHINGTON UNVEILED

Tuskegee, Ala., April 5.—A heroic statue of Booker T. Washington, founder of Tuskegee Institute, was unveiled here today in the presence of a gathering of white people and negroes from all parts of the country. He was born in slavery.

Funds for the erection of the statue were contributed by 100,000 negroes and it depicts the negro educator in the act of pulling from a crouching, half-conscious black man, the veil of ignorance and superstition. Carved on its base are the words:

"He lifted the veil of ignorance from his people and pointed the way to progress through education and industry."

The unveiling, held in connection with founders' day of Tuskegee institute, brought educators from every part of the country.

Eulogies of the work of Booker T. Washington were delivered by Josephus Daniels, former secretary of the navy; Dr. Wallace Buttrick, president of the general educational board; Dr. George Chalmers of Chicago; Emmett J. Scott of Washington; Dr. Robert B. Moton, principal of Tuskegee institute, and William G. Wilcox, of New York, chairman of the board of trustees. A letter from President Harding praising Washington was read.
